HB 270

Dear committee members,

I wanted to send a great big thank you for making Michaels memorial highway official. It has been a very long road for us and with the 2 year anniversary of the crash coming up the timing seems to be perfect. I am constantly approached by locals who say they drive by the sign daily and they always remember Michael. This memorial means so much to our family as it reminds people of who Michael was and what he stood and died for.

I wish that I could be there in person today to thank each of you for making this happen, however a bit of a family emergency has required me to stay here in Kalispell. Again, I am deeply grateful for all the work you have done to make this enduring and powerful memorial possible. Michael was a good man and it was an honor to have loved him. Thank you for doing your part to keep his memory alive.

Most Sincerely,

Tawny Haynes
